Everyone on this planet has a purpose -- a reason for being here that goes beyond survival, goes beyond immediate family. We all have a purpose that we are uniquely suited for and which improves ourselves, the lives of others, and the Universe at large. This purpose can lead us towards our best and highest selves and help us leave a legacy behind so that we are known and remembered lovingly after we are gone. Each of us knows there is a purpose to our lives, and yet we can spend a lifetime trying to define what it is.

The Akashic Records holds a record or book for every soul that has ever existed. That book is not only a history of everything the soul has ever done, but is also a guide to the purpose of that soul in this lifetime. It is a record of all the guidance that the soul's spiritual advisers gave during preparation for this life as well as a resource for help along the way and support for succeeding.

This self-help course lifts the veil of secrecy on how to access your Soul Book in the Akashic Library including instructions on grounding techniques, a how to guide on creating sacred space wherever you are, audio guided meditations to help you experience the wisdom of your Soul Book, and detailed discussions of how you can achieve the greatest rewards from your readings in order to become the best possible you in this life.
